# JOHN PERRY for HAVANT

Having lived and worked in Leigh Park, Bedhampton, and Hayling Island for over 40 years, I believe that I am the only candidate that lives in Havant, and understands the challenges we face.

As an engineer and accountant, my extensive career in finance, auditing, and business management offers opportunities to reclaim Havant's status as somewhere to invest for new and growing businesses.

We are at a pivotal moment in politics where voting for either Labour or the Conservatives will result in more of the same - **FAILURE**.

If ever there was a need for **REFORM**, it is now.

No doubt you cherish this place we call home as much as I do, and wish to see it thrive for future generations.

So, Let's Make Britain GREAT. **VOTE REFORM UK**
