

Dear Resident,

I'm yet to meet someone who hasn't been affected or isn't concerned about the Cost of Living and Energy Prices; the frustration of trying to see a GP or even get registered with an NHS dentist; the inability/willingness to deport foreign nationals committing crimes on our soil; the housing situation is also just out of control - quite frankly I need to stop there. It's hard to believe I'm writing about our once great Nation that was proud of all we achieved. Now it feels like we are going back to Dickensian times, but does it have to be this way?

In truth I feel confident that if we don't have a major overhaul of our political system – the demise of our Country will continue, we need real change and we need it before it's irreversible. When you see the current government and its opposition, do either of them fill you with any confidence at all, can you even tell them apart?

And on a local level – has anyone ever seen our MP Alan Mak in the flesh or spotted him on TV in the House of Commons? I've met many residents who have never had emails returned and the only 'contact' appears to be with his self-promoting flyers.

We must never forget that Alan Mak voted to continue pumping raw sewage into our rivers and beautiful coastline, so whose interests does he really have at heart? I'm sure it's not ours or the thousands of holidaymakers who want to spend their summers here, but are equally disgusted by the slicks of sewage on what should be a clean pristine coastline.

I suspect many of us in the past begrudgingly voted for him purely to keep Labour out, but will the next election leave people not voting at all as a protest? So, we need real change and this burden lands on each of us at the next General Election to ensure our beautiful Borough can thrive and the Nation can stand tall again.

This is where I come in. My name is John Perry, I've lived in Leigh Park, Bedhampton and now Hayling Island for over four decades and I've raised my family here, so I know our area well. I've been selected as the Prospective Parliamentary Candidate for Havant for the next General Election proudly standing for **Reform UK (the BREXIT Party)**. I know many residents have been asking for a long time 'when will we get a Reform candidate?' as they've just felt politically homeless. So here I am, at your service.

I was a Havant Borough Councillor between 2014 to 2018 and loved helping people, it had been my intention to retire from politics completely, but I became so incensed with the Conservatives announcing policies but not delivering them; the Labour Party transfixed on ULEZ and LTNs and their socialist agenda; and the LibDems insatiable desire to undermine BREXIT - I will use my professional skills and passion to ensure Havant has a voice. When was the last time you saw a policy change that made you feel represented or even valued?

I would love to give you the opportunity to get to know me personally so you can be confident your valuable vote won't be wasted. I am NOT a career politician, but a former engineer and accountant who's worked in many roles in businesses locally who like you has witnessed massive changes to our jobs landscape and industries. I believe I have much to offer our constituents, and above all – a commitment to honesty and integrity.

The choices made today affect tomorrow and future generations so please help me to put a stop to the decline of this place we love and let me be your voice.

Please do look at our policies on our **Reform Party** website <https://reformparty.uk>, where you will see our draft **Contract with You**, and also our <https://johnperry.org.uk> **Reform Havant** website, showing how my values link in with those of our Party. You may not agree with all of them, but you may find they are very relatable and would address our concerns.

There is a strong desire for change in Havant and nationwide with a growing number of loyal supporters that you are welcome to join. Like you, they have become frustrated with the lack of commitment from the current and previous Governments to deliver a prosperous future whilst pandering to Globalist ideologies that are detrimental to us.

If the below frustrate you – let Reform make the changes you want by using your vote.

ILLEGAL AND LEGAL IMMIGRATION – The Tories are searching the Channel for illegals to land and house in luxury 3-4 star hotels at £8 million a day. Cameron promised immigration in tens of thousands (after Blair opened the floodgates); Sunak instead brought in 1.2 million migrants during 2022 while our vulnerable adults remain sleeping rough on our streets.

Reform has identified how the dinghies can and will be immediately stopped.

Reform policy is one-in, one-out ie net-zero legal immigration.

COST OF LIVING – We have a cost-of-living crisis caused by wasteful Government spending (HS/2, COVID, lack of energy security and lack of vision for our Economy) requiring ever increasing levels of taxation. Further details are in the **Contract with You** shown above.

Reform will cut wasteful Government spending to permit a reduction in taxes.

ENERGY COSTS AND NET-ZERO - Both Conservatives and Labour are committed to Net-Zero, and Alan Mak, our Havant MP renewed his commitment on Conservative Home.

Reform will cut Green subsidies, exploit shale gas and so reduce energy costs for consumers and businesses, we will also postpone Net-Zero until it is affordable.

HIGH TAXES – The Conservatives have frozen income tax allowances and tax bands forcing more of us into paying more and higher rates of income tax.

Reform will raise the basic rate tax allowances to £20,000 and the higher rate to £70,000.

LTNs AND ULEZ – The use of Low Traffic Neighbourhoods and Ultra Low Emission Zones are a concerted attack by both the Conservatives and Labour on motorists and society.

How long do you think it will be before they want to implement these in Havant? Labour commits to LTNs and ULEZ zones in all Towns and Cities.

Reform will SCRAP them all.

Regardless of your current political persuasion please reach out to me with any questions you may have by emailing me at: havant@reformuk.com

Be part of the solution and Vote Reform

Best Wishes and thank you for reading.
