

# Hayling Deserves Better Vote for John Perry - Hayling West On Thursday 2 May 2019

Hayling Island is my home and I have lived here for 37 years. I care deeply about our Island and have decided to stand in Hayling West where I have lived for the past 30 years.

I am acutely concerned about the Hayling Conservative councillors (Leader and Housing Leader) who are targeting Hayling with at least 2,000 extra dwellings to meet their housing targets. I have clear evidence that our A3023 road infrastructure will be inadequate if they achieve their targets. Therefore, I will NOT support, and I will OPPOSE the Local Plan 2036 in Council if elected.

It is unacceptable that since 2015/16, our Council Tax has risen by 18.0% while services are cut. If elected, I will continue supporting the Save Our Island Group, promote a reduction in car parking charges and help residents with their day to day enquiries.

I am writing this when we should have BREXITED; 62.4% of us voted to leave, but MPs, including ours have conspired to obstruct the EU Referendum result; you can't trust them, so please vote UKIP.

Thank you for reading my flyer. *John Perry*
